

Showroom COVID19 Policies and Procedures

Our Comfort Zone (showroom) is now open!

We are excited to welcome you into our showroom again and we want to stress that we are following CDC and Minnesota Department of Health recommendations to create a safe environment for our visitors and employees. We are grateful for the opportunity to serve you and assist you in creating an ergonomic office tailored to your specific needs. Whether back at the workplace or in your home, we have solutions for your unique space.

To schedule a visit, please call **(952) 215-0700**, visit our web site or use the link below. We look forward to seeing you soon!

How We're Keeping You Safe While Visiting the Comfort Zone

While you can expect to receive the same personalized ergonomic experience, your next visit will be a little different. We continue to focus on having procedures in place to minimize the spread of illness. During your visit, you will notice:

- **Facemasks** – To keep our visitors safe, CSI employees will be wearing facemasks. To keep our employees safe, visitors are required to wear facemasks in showroom. Please bring your own facemask.
- **Social Distancing** – Our showroom has been arranged to accommodate the six-foot social distancing guidelines. We ask that visitors follow social distancing practices and stay inside the blue carpet perimeter during your visit.
- **Hand Hygiene** – Visitors are asked to use hand sanitizer upon their arrival.
- **Environment** – We have rearranged our showroom and ask visitors to stay on the blue carpet perimeter. The space will be cleaned between each visitor including disinfecting the chairs, all surfaces, door handles, product, etc.
- **Limiting Visitors** – We are only allowing one visitor (or 2 if from the same family) in our showroom at a time and by appointment only.
- **Health** – Anyone with a fever, cough, shortness of breath, or other symptoms of COVID-19, is asked not to visit our showroom until being symptom free for 14-days.
